

Salaried GP – 6 Sessions

Linden Road Surgery, Bedford

Linden Road Surgery is a friendly, forward-looking, two-site practice serving around 6,300 patients across Bedford and Bromham. We are part of the East Bedford Primary Care Network and are seeking an enthusiastic, motivated Salaried GP (6 sessions per week) to join our supportive and patient-focused team.

What We Offer

- 6 sessions per week
- Competitive salary depending on experience, plus indemnity contribution
- Mixture of face-to-face, telephone and online consultations
- Supportive, open team culture with regular clinical meetings
- Mentorship and career development opportunities

Working in Partnership

We work closely with our soft merger partner, Putnoe Medical Centre, a well-established neighbouring practice. This collaboration enables shared learning, aligned protocols, and joint clinical meetings, as well as opportunities for cross-site working and professional development. Together, our teams are building a cohesive, resilient model of primary care across Bedford — ensuring continuity for patients and support for clinicians.
